Jl. Krisna Perum Telaga Asri 3 No. A3, Kel. Tlogoadi, Kec. Mlati, Kab. Sleman, Yogyakarta, Indonesia.

Informatics graduate from Universitas Islam Indonesia with a strong interest in Front-End Development. Experienced in building interactive websites using HTML, CSS, JavaScript, ReactJS, Tailwind CSS, and Bootstrap. Comfortable using GitHub for version control and project collaboration. I enjoy working in a team, have strong problem-solving skills, and always strive to write clean and efficient code.

EDUCATION

Universitas Islam Indonesia <i>Bachelor's Degree in Informatics GPA: 3.60 / 4.00</i>	Yogyakarta 2020 - 2024
